Henry was my brother in law but he was more than a brother in law to me, he was the brother I never had! I loved Henry so much! I will never forget him! I will miss him! When my first husband left me I backslided and quit going to church. Henry was there to get me through it and he talked me into going back to church and rededicating my life back to the Lord. He also arranged for me and George to have a double date. If it wasn't for him me and George would not be together today. He told me George liked me and wanted to go on a date with him. Then he told George I liked him and wanted to go on a date with him. So after church one night we double dated with him and Darlene at Pizza Hut. I am so grateful to him for that. I do not remember if I ever told him that or not but I was. He was a good husband to my sister and a good father to his children and grandchildren. Most of all he left them a Godly legacy! I'll see you again one day Henry in Heaven!

I will always remember your last couple of days when you opened your eyes looking for Darlene just to say I love you.. so many memories, so many good times, so much love.. but what you might not of known, as you are loved, then now and always!! you were just so very tired and the fight was just to much, now I can see you on the shores of heaven fishing with jesus, forever casting your fishing line..rest now henry, you have earned your place, and please keep a special eye on my dear sister, she misses you so....
