I did not know Scott, but I would like to express my sympathy to his beautiful family. I viewed the photos in his memory tribute, and it is obvious what a well-loved person Scott was.

To the family of Scott Bolek Having lost my husband almost 5 years now I just wanted to pass this along....Grief never ends...but it changes.Its a passage,not a place to stay. Grief is not a sign of weakness,nor a lack of faith...It is the price of love. Scott now rests in God's loving arms, no pain . My prayers are with you all.

Jamie and I have been friends since college. When we hang out I feel like I'm hanging with family. After she met Scott we would hang with the four of us. It was wonderful because he and my husband had so much in common. Scott and my husband had no problem keeping conversation about cars cars and more cars. From the minute I met him I could see his love for Jamie and Aubrey. Then Grady came along and their little family became whole. Our last trip to visit them at the marina it amazed me that even though he was struggling with this terrible disease that robbed him of his beautiful life he still had his sense of humor and positive attitude. Watching him use stepping stones of wood blocks that he painted with no slip paint to get him on his boat was a testament to his strength and dedication to things he loved. We love you and you will truly be missed Scott!

I was fortunate enough to sit behind Scott in class at school. He would talk about all kinds of sports cars. I was happy to see he eventually got a corvette. He was such a down-to-Earth guy. I got to see him a few months ago and it made me wish I had more time to spend with him. Fly high friend! Holly Benko
