It is through Honor and sorrow; With a grieving heart and much sadness, I thank you for allowing me to share this message of Love!! am going to use this time to express how pleasant and wonderful My time with John was. We worked together some, We did social activities, chores and rode to meetings many times. Those were nice, but none of that can express how I felt being around John and being his Friend. The feelings of comradery, friendship. Emotional support I will never forget. When John Considered someone a friend, you knew it. He brought: "A one for all and all for one!" stance to that bond of brotherhood. I felt safe and secure always with John even when some of the situations weren't safe to be in. John was going to make sure my needs were taking care of at a Deep cellular level. John had the Energy of Love, Support. There was never a power struggle or reason to feel anything other then we are in this together and I got You!! He knew I felt the same way.Our bond of friendship and love was displayed in his energy or connection. Time may Pass. People may Pass. The energy does not change. I will always carry his memory in the Energy he shared with me and many other. It makes me a better person with his memories. It gives me Energy in my body and sole. I do him justice to display his Energy to all of you in attendance. All my family and friends. Everyone I meet gets a better version of me because of my friendship and love I carry with me: A gift from John: His Love and Friendship !!my warmest Regards and LoveLeighan Reelee
