I worked with Dan for several years setting up the relocation business on the west side in the late '70s. He was one of the nicest guys I've ever known and I know he will be missed. Dan truly was one of the few people I've ever met who always had a smile, looked on the bright side, loved his family and treated other people with the utmost respect, often whether they deserved it or not. This world is a better place today because Dan Petruzzi walked in it. My thoughts and spirit are there in OH, among his family, and his friends. Tom Bartlett Springfield, IL

I was Dan's administrative assistant when he worked at DCK. He was the glue that held the team together during many changes. He was always ready with a funny story or a quip to put a smile on your face. Although I didn't know that Dan liked trains, I have a photo from work with him helping me set up the train set under the Christmas tree in the lobby. My favorite memory was when he was really upset and ready to explode over something at work, I would put him in my car and take him to the metropark up the street and let him throw handfuls of corn at the geese until he calmed down. This year's Christmas card note said he really needed to go "feed the geese". Rest in peace, dear friend.
