Found out about Jim's passing yesterday from PBU Today. Jim was my editor in college, and much more. His progressive thinking set him apart. I am sorry I had lost track but the memories are strong and positive. My condolences to Janet and the family.

I worked with Jim when we served Christian Medical Society together. Jim was a friend and mentor to me on my first position out of seminary. We shared duty time together at Deer Valley Ranch in Colorado as well as an Intersivity Project in Illinois. I am saddened by his passing but rejoice in the knowledge that we will meet again. Dear Janet, Sheldon and I are so sad and shocked by the news of Jim's passing. I know that it has been quite a while since we were in touch but I think of you very often and keep hoping that I will receive a call before the APAP conference to tell me that you will be in New York. I read that Jim died after a "short illness" meaning that this was very unexpected and very much harder to experience. Yours was a true affair of the heart. I know how much you loved one another and what a good life you were able to make together. I understand that nothing can give you the comfort that only time can afford. Please know that we are greatly saddened by this loss and that our thoughts are with you. With great affection and sadness. Lucille and Sheldon Gruber

In need of a ride to Cleveland Airport from Youngstown, Janet was so kind to drive down and pick me up from my mother's home, take me to their home and Jim and she welcomed me and had me sleep over for the night. The next day I was taken to the airport to catch my flight. It was a very much appreciated act of kindness from both Janet and Jim, and one that I will never forget. Janet, I am so sorry to hear of your loss. You are all in my thoughts and prayers. Thank you again for your kindness.
