## **Dale Scheidler**

NOV 18, 2011

**D**ale A. Scheidler of Elyria passed away surrounded by his loving family. He was born on November 18th 1936 and called to home on his 75th birth-date.

Dale along with loving wife Beverly (nee Hyde) operated and owned a family business, Hyde's Greenhouse, Inc. in Avon for over 35 years. Where he was able to teach his children at an early age what hard work is and be proud of it. It was in those years that his children were able to meet their spouses and also work hand in hand to build the company: Kathy Novak with husband Richard, Pamela Novak with husband Stephen, David Scheidler with wife Donna, Deanna Ferry with husband Stephen and Dale W. Scheidler with wife Susan.

Dale was a master of producing beautiful flowering and exotic plants in the greenhouse business and was well respected for his talents. It was looking at the beauty of nature and what gifts are on this earth that he accomplished his long-time dream of owning horses. Dale and Beverly started Scheidler Arabians and he was able to see the splendor of raising them for many years.

After moving from Avon to Elyria, Dale became the supervisor/foreman of Twin Lake Homes, where he was instrumental in creating the growth of the park community. In his younger years, Dale worked on construction sights; a job he found rewarding. He was happy to return to another one of his passions: building. He enjoyed his final vocation of supervising the park growth for over 20 years and was able to retire.

Dale's greatest accomplishments are the marriage to his beloved wife of 55 years, his ten children respectively, his 11 grandchildren: Danny (wife Amy), Kevin, Tiffany (husband Ryan), Amanda, Chris, Michelle, Breann, Ashley, Gabrielle, Drew, Callie, great-grandson Robby and Cody who thought of him as his grandfather. Dale found great joy in his grandchildren and the life that they were living with his always present influence. He was able to see the marriages and the births of the next generation. For that he was grateful and proud of their choices. He was thankful for the opportunity to teach them and to have the weekly conversations about the Ohio State Buckeye Football team, for which he was the biggest fan.

Hard to believe that you have been gone for a month now. It seems like only yesterday that we all said good-bye and prayed for another day with you. I miss you so much...but you already know that. You would be so proud of Mom and how she is trying so hard to be a strong woman and face every day without you there. We are all chipping in to make sure she is taking care of herself and finding some bits of joy in a day. Christmas is a time of finding your blessings and being with them. We are all dreading this one without you, but we find comfort with the family you left here on earth. I miss you, Dad and I am happy that you are home with Our Father who has probably got His hands full with you right now. Enjoy the angels singing with Johnny Cash and I love you very much. You truly are my hero.

Grandpa, I will never forget every summer growing up and spending time with you, those are memories that I will never forget. You always made me laugh and smile no matter what type of mood I was in. Through your actions I've learned that hard work reaps great rewards and that without family you have nothing. No matter what you are going through that family will support you no matter what. They may voice their opinions (you might not want to hear it), but they will love you no matter what. You are such an inspiration and I hope that your lessons that you taught me will show throughout my life. You will be greatly and terribly missed. I love you so much and I'm glad that I was able to have you in my life, though only for a brief period, I wouldn't change any minute of it. I love you. Rest in Piece and keep watching over us.

Every time I hear the word grandpa or grandfather I close my eyes and think of him. I think of him in his OH state sweatshirt and his gray baseball cap and in the back of my head I hear him saying 'hey kid' (his way of saying hello to me). I miss him even though he's always with me.

Dear Dale - Most of my favorite memories of you will always be the fun and the experiences we had at horse shows. Especially your constant, good natured teasing of me - which made me laugh in the often stressful times of showing, and had a way of helping me learn not to take myself and life too seriously. One of my other memories is the day we did the Flying Wish Papers at Steve and Dee's, New Years Day, 2011. I remember your having two or three tries until your wish finally flew. So today I have lit a candle and sent a Flying Wish Paper up in your name. Only you and I will ever know what it said. . . Happy trails, my friend. Love, Diane

This is such a hard time in our life and there is no words to express how we feel when a loved one passes. It will take time and I hope that you will call if you need anything. I take comfort in a phrase my father told me years ago when my mother passed away. "Loved ones are forever with us because we hold their memory in our hearts" Please accept our condolences Danny & Chris Gouge

What a funny and energetic person. I will always remember the wild polka dancing he did with Bev at some of the weddings years ago. In addition, the special time Bev danced with Mike and Dale danced with Mike's girl friend at Stan Hywet Hall. It was an honor to have known him.

I had the pleasure of working with Dale at Twin Lake Homes for the past 10 years. Dale took pride in the park and was meticulous about his work. We all had a great respect for him and his talents. It will be hard not to see him on the snow plow or the dozer anymore or trimming trees or advising us on the lift station. We wil miss your complaining about politics at morning coffee. You were the heart and soul of this park. Even though we all butt heads at times... that's business, but we loved you dearly.
