I will always remember Dennis' warm smile and caring attitude during our many family get-togethers. I want to express the sadness that is felt here in the Machine Repair Department. Dennis was sadly missed when he left here, and now the permanence will be felt. He was a good friend and good repairman, with a wit that made us all laugh. He was the quiet one that always said what he thought even if you did not want to hear it or not. That's what made it fun, to see how he would react. Again from the Machine Repair Department our warmest regrets.
