Grandma I know I don't need these people cause I'm stronger without them, but it feels good to have friends. I had the feeling they was gonna stay in my life, but it also feels like they're trying to distenance themselves from me. I don't know what did or say to deserve this. It hurt me that it always happens to me alot.

It's been a tough road with out you. I've meant theae two people and at first they seem nice and cool but when you get into a religious talk with them including being homo the guy gets heated up and I feel they don't like me.
