“ As a child growing up in Oberlin, I remember walking to the store, through the gate and into Johnnies! Bette and Don always greeted me with a smile and hired me on to mow the yard! It was my first job! My grandfather was the original owner of Johnnies. When Don and Bette purchased the store, they rebuilt and created a beautiful store! To this day, the store is still standing with my grandfather's name. Don and Bette remains a part of that store. The kindness they showed, the hard work and dedication will always be remembered! For years I thought of them, wondering where they were? I am heartbroken to hear of their passing and my deepest condolences for the family.
