Dale and Beverly raised 5 children, and together were able to see 11 grandchildren grow. Dale passed away in 2011 and Beverly was able to see a next generation of 9 great grandchildren go to elementary and high school. Beverly was very talented, when her children were younger she would sew many of their holiday apparel. Later, she crocheted doll clothing for her grandchildren and great-grandchildren, and continued to express her talents through beautiful embroidery and ceramics.

Beverly found achievement within herself to battle the tough days of illness and cherish time with loved ones and friends.

“ Grandma, there are so many fond memories of spending time with you and Grandpa. I'm sorry I couldn't be there at the end, but so blessed to have seen you last month. We will miss you everyday, but relieved that you will be with Grandpa forever.
Love, Ashley

“ Grandma,

Words can't describe how much we will miss you. Not only did we lose a very loving and caring person, but we also lost someone who we could go to for knowledge and experience. You will forever be in our thoughts, our prayers, access our hearts. We will always love you.

“ To the extended family of my "Aunt Bev" - My heartfelt condolences during this time of grief and sadness as you mourn her passing. I can still fondly recall the excitement when I was growing up when we knew we were going to Uncle Dale & Aunt Bev's house for a family get together. We had such fun running around in the greenhouses and of course playing in the pool. They were definitely the coolest aunt and uncle I had. After my dad died someone told me that all I needed to do to connect with him was to say his name and he would be there in spirit. Perhaps this thought provides a small measure of comfort to you in the days ahead. God's blessing to you all.

“ When I made the promise to Dad to take care of you, I was blessed with time to know the real beauty in your heart. Mom, you were the person that I called when I needed to hear the friendly voice on the other end. Mom, my commitment to Dad was easy because I loved you so much. I am so blessed with the time --- some refer to the time as priceless and you can count me in.

Tonight I was able to speak with my granddaughter about your favorite things and with the time spent, I was able to answer her questions. Thank you Mom for being - Thank you Mom for giving - and Thank you Mom for teaching me and being my best friend. You are my hero and I pray with thanks every day that you were there.

Enjoy the the peace of heaven - enjoy the company of Dad and loved ones and please - somehow send me sign that all is good.

I love you, Mom.

“ I miss you! There is not a day that goes by and I wish that I had another chance to say how much I love you in person. I am struggling here on earth and I am so happy for you to be at peace. Mom, I miss you and God I know that you have all things in their proper places. Thank you. I cannot find the proper words Lord to let you know how grateful I am that I had the greatest parents in the world! Mom and Dad I am happy that you are both at peace --- but I miss you!

Love You!
