“ Dear Mr. Lubich. I am saddened to hear the news of your wives passing. I cannot find the words to express how I feel, and how you and your family feels. It's sad how short of a period of time we get to spend with our loved ones on this earth. In youth we think we will be together forever, and Dorothy will be us forever in our memories. Cherish your memories. You shared a lifetime with Dorothy, and she will continue to be with you forever. Cherish your family and friends. I do remember my younger days, and coming over and playing baseball in your yard. Dorothy was always a very nice cheerful person. I can't remember when I didn't see a smile on her face, and that says a lot when having the neighbor kids in your yard. Frank, take care my friend. My thoughts are with you and your family.

“ Family of Dorothy: My deepest sympathy to you Frank, son Frank, daughter Toni and grandchildren. Dorothy worked with me for many years at the Maplewood Building, Elyria City Schools, such a faithful and loyal worker, very hard-worker, diligent and so efficient. In the 80's and 90's before and during the start of the computer, Dorothy used the typewriter in all of her daily work. She was one of the fastest typists I have known, and so accurate. IF we ever found a typo, she would be so upset with herself. That tells you how she cared about the work that she did.

As a support person in the office, Dorothy was a quiet, kind person to work with. She never participated in office gossip, and was simply a pleasant person to work with. We had mutual respect for each other. Since I left the school district, I have often wondered how Dorothy was doing, and certainly hoped that her retirement years were full of joy. I am sure the grandchildren and great grandchildren had a special place in her heart.

I cherish her memory, and the pleasant moments we had together. I have a tear in my eye as I write this, I will never forget the kind and hard-working Dorothy Lubich. Such a wonderful person. Cherish her memory. Fondly, Bill Bogner 10/10/13
