“ Nancy and I were friends and neighbors from early childhood. We had such great times growing up and her mom was a second mom to all of us. I can still remember our bike parades through the neighborhood with our decorated bikes and all the fun birthday parties. We lost touch for a while, but reconnected when I moved to Lyndhurst. Sure enjoyed her clam bakes! She endured her challenges to her best ability and I never heard her complain. I extend my sympathy to Don and Georgia and all the family and blessings to you for her care over these years. Rest In Peace my friend. God Bless!

“ Nancy loved when her family members could visit with her, especially the younger family members. Georgia and Don helped make Nancy's last few years as comfortable as possible.
May she rest in peace.

“ I will miss my cuz alot. Being 3 months younger than me, we have spent many years making family memories together. From vacations at Linwood Park to meals out and everything in between. She fought a tough battle with MS and her stubborn streak prevailed most of the time and got her through many tough times over the past years!! I am sad for our whole family and blessed that Don and Georgia were able to manage her care and help make the best decisions for it over the years and be close enough to visit her. I will always smile when I see an elephant and think of her!
