

## Timothy Pratt

March 25, 1953 - January 25, 2021

Timothy L Pratt, age 67 of Elyria, passed away Monday, January 25, 2021 at UH Elyria Medical Center. He was born March 25, 1953 in Madison, WV and had been a resident of Lorain County over half of his life. He worked in construction for Local 758 Laborer's Union before retiring in 2013. Tim enjoyed fishing, riding his motorcycle, camping and the partying with friends and family. He never knew a stranger and was super social. You could count on Tim to give you a helping hand in anyway he could. Sometimes that helping hand was a temporary roof over your head, paid for a job he'd create to need done, help with your broken down car or give you a loan to help you get through a tough time. His personality and "Tim stories" will be talked about and remembered for decades. He was an open book who gave his opinions loud and free. He was tough and scrappy, there wasn't a tough time, financial or otherwise, he wouldn't fight his way out of. He was definitely one of kind and will be missed.

He is survived by his children Tracie (Jason) Wilkins of Pataskala, Karrie (Heath) Newman of Medina; grandchildren Jay (Katie), Klorissa "ET" (Tyler), Jacob, Jarod, Kiersten, Kylie and Cameron; great grandson Harper; sister Vicky Black of NC; brother Chuck (Rita) Pratt of Elyria; and many nieces and two nephews. He was preceded in death by his former spouse and friend Karen Pratt; parents Junior Clarence and Doris Juanita Pratt; brothers Rick and Brad Pratt. The family will have a celebration of life sometime late spring/early summer.

“ I am one of those who can attest to how giving and caring Timmy was. When my son was facing dialysis and a kidney transplant, Timmy heard about it and the time and travel back and forth to Charleston. He was renting his old home place to a wonderful lady who had told Timmy about our troubles. He told her that instead of sending him the rent for the next 3 or 4 months, give the money to us to help pay for our expenses. I called him to tell him that he didn't need to do it. He said he knew that he didn't need to. He wanted to because he loved the Mynes family. I have and will continue to be thankful for the generosity Timmy showed me and will try to follow the example he gave us. God Bless you all and find comfort in his memory. Mom and Dad both lived him and looked forward to his visits.
